

Local Nature Group has made the Shortlist for the 2017 UK Awards for Biological Recording and Information Sharing

The Dearne Valley Landscape Partnership (DVLP), based in Elsecar near Barnsley in South Yorkshire, but covering parts of Barnsley, Doncaster and Rotherham (with the area known locally as the Dearne Valley), has been shortlisted in the 'Lynne Farrell Group Award for wildlife recording' category of the 2017 UK Awards for Biological Recording and Information Sharing.

These annual awards started in 2015, and have been developed by the National Biodiversity Network, the National Forum for Biological Recording and the Biological Records Centre. Their intention is to recognise and celebrate the outstanding contributions made to biological recording by adults and young people, which is helping to improve our understanding of the UK's wildlife.

Richard King, Landscape Partnership Development Manager at DVLP says:

"A key aim of the DVLP has always been to support local people in having a greater understanding of the environment and heritage of the Dearne Valley.

"What motivates us all is to increase local knowledge but also to spark the passion in people who may not have had it before. Whether it's young child buying a bat detector after attending one of our events and getting excited about bats or whether its someone attending one of our workshops and the next day finding a species that hadn't been recorded in the area before, because of what they had learned.

"The area has always had significant natural assets but the decline of the coal industry has resulted in a network of diverse and unique greenspaces in the 24 reclaimed former colliery sites. The DVLP works closely with the Sorby Natural History Society and in particular the Sorby Invertebrate Group to bring together the skills of local naturalists with local people to transfer the skills, enthusiasm and passion of Sorby's members. DVLP's approach much chimes with that of Sorby, in training the next generation of naturalists and passing the skills on."

The **winners** of the 2017 UK Awards for Biological Recording and Information Sharing will be announced at a special ceremony on **Thursday 16 November** during the National Biodiversity Network's annual conference in Cardiff.

This year we are indebted to three organisations for their support:

1. [Opticron](#) for sponsoring the prizes for the Youth Awards and for the Adult Newcomer Award.
2. [Paramo Directional Clothing](#) for sponsoring the prizes for the Gilbert White Adult Award and the David Robertson Adult Award.
3. [Field Studies Council \(FSC\)](#) for sponsoring the prize for the Lynne Farrell Group Award. **/Ends.**

For more information, to arrange interviews, and for images of the DVLP, please contact **Purba Choudhury**, NBN Communications Officer, on: **0115-9247133** or via: **p.choudhury@nbn.org.uk**

Notes to Editors:

1. The full, national, shortlist is:

Adult Newcomer Award

- Dave Braddock – from Surrey
- Adrian Cooper – from Suffolk
- Annie Irving – from Vale of Glamorgan
- Liam Olds – from Rhondda Cynon Taf
- Hugh Tooby – from Stirlingshire

David Robertson Adult Award for marine and coastal wildlife

- George Catchpole – from Essex
- Paula Lightfoot – from Tyne & Wear
- John Newnham – from West Sussex
- Jack Sewell – from Devon
- Rob Wells – from Cornwall

Gilbert White Adult Award for terrestrial and freshwater wildlife

- George Catchpole – from Essex
- Peter Hodge – from East Sussex
- John Newnham – from West Sussex
- Adrian Norris – from West Yorkshire
- Dan Watson – from Stirlingshire

Lynne Farrell Group Award for wildlife recording

- Community Science – from Derbyshire
- Dearne Valley Landscape Partnership – from South Yorkshire
- Inner Forth Landscape Partnership – from Falkirk West
- NESBReC Mammal Atlas – from Aberdeenshire
- Sorby Natural History Society – from South Yorkshire

/Continued...

Youth Awards for wildlife recording

- Jann Billker – from Buckinghamshire
- Tyler Ingleheart – from Somerset
- Mhairi McCann – from Inverclyde
- Evan Potter – from Greater Manchester

2. **David Robertson** (1806–1896) was a Scottish naturalist who founded the [University Marine Biological Station at Millport](#), which opened in 1897. Millport Marine Biological Station closed in 2013, but reopened in 2014 as Millport Field Centre thanks to the Field Studies Council.
3. **Gilbert White** (1720 – 1793) is remembered in these awards because his name is synonymous with biological recording. He was one of the first English naturalists to make careful observations of his surroundings and record these observations in a systematic way. He transformed the way we look at the natural world and is recognised as one of the fathers of ecology.
4. **Lynne Farrell** is a well-respected botanical tour, expedition and field meetings leader. She co-authored the first 'British Red Data Book on Vascular Plants' and has produced and illustrated a pocket book 'Wildflower walks on Mull'. Since 1995 Lynne has been the Botanical Society of Britain and Ireland's voluntary recorder for Mull, Coll and Tiree and is working on writing a new 'Flora of Mull and the Mid Ebudes'.
