

NBN Trust Risk Register

					Score the likelihood of them happening and the potential impact				Controls currently in place to reduce and control each risk.	Rescore the likelihood and potential impact of each risk with the controls in place.	If residual risk score > target risk score, list the additional actions needed to reduce the risk further.	Record who is responsible for risk and when/how they should review it.			
Risk code	Change	Strategic Risk	Date Risk included on register	Risk	Likelihood (1-5)	Impact (1-5)	Initial risk score	Target risk score	Current controls	Likelihood after controls (1-5)	Impact after controls (1-5)	Residual risk score	Actions required	Risk owner	Review (timeframe and process)
1	↑	Financial Risk	Jun-13	<p>Inadequate funding available.</p> <p>Specifically Country Agency partners only signed a 1-year membership agreement for 2018/19. CAs are 're-assessing' their membership fees with no indication yet of what this may mean in terms of fees received. MoA for NBN Atlas BAU for this FY not yet agreed and no funding provided for this FY yet. Indications are that there will be little funding available for further development of NBN Atlas from NF.</p>	4	5	20	8	<p>Development of Medium Term Financial Plan. Mitigation will include diversifying funding streams including Membership review, large project funding bids, sponsorship, advertising and providing added, paid for, services to members</p>	4	4	16	<ul style="list-style-type: none"> Internal strategy review including future funding and business model completed Future business model agreed MoAs for running costs for NBN Atlas for all country agencies signed off Overarching MoA for NBN Atlas business as usual costs for 2019/20 agreed by the end of this FY Process for funding further development of NBN Atlas agreed 	CEO	Reviewed at thrice yearly FMC meetings
