

# **Invasive Non-Native Species and Biocontrol Workshop**

Thursday 27th February 2020

10:30 - 14:30

Hadlow College - Animal Management Lecture Theatre  
(off Ashes Lane, Hadlow, Kent)

As part of a South East RAPID LIFE Biocontrol Project, join MVCP to learn about invasive non-native species, the problems they cause and the various control options. The workshop emphasises and introduces the current and emerging biocontrol options from CABI.

Includes lunch and refreshments. Free to attend but booking via Eventbrite is essential:
