

# Padlet Guide

## Dipterists Day 2022

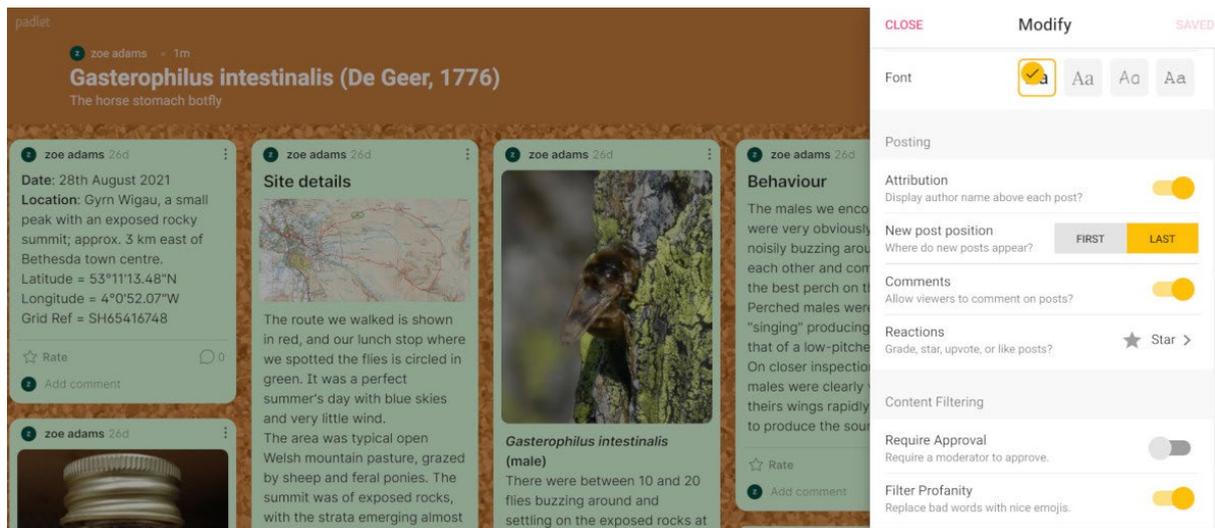

We would like as many members as possible to participate in this year's Dipterists Day, so please do share your fly-related highlights from 2022 with a Padlet.

We were very impressed with the Padlets created last year, which are now available on our website <https://dipterists.org.uk/padlet-pages>.

Padlet, is a free-to-use on-line notice board tool, you can create up to 3 notice boards free of charge. Others will be able to view your Padlet and post comments. Here is a link to getting started with Padlets <https://padlet.help/en/article/n5wpnyr9vq-how-to-sign-up-for-padlet>

Once finished please create a URL for your Padlet and message it to me ([Z.Adams@nhm.ac.uk](mailto:Z.Adams@nhm.ac.uk)) and it will be shared through the news feed on the DF website. You can also share your Padlet via Twitter (remember to use #DipteristsForum).

If you would like other members to be able to comment on your Padlet and give feedback, you will need to enable the comments function from the modify menu (shown on the right in the image below).

As a guide, for my *Gasterophilus* Padlet I enabled the following from the modify menu:

- Attributions - On
- Comments - On
- Reactions - selected 'stars' from the dropdown
- Require Approval - Off
- Filter Profanity - On

Best wishes

Zoe Adams (Indoor Meetings Secretary)
