

76,422+
Species

Including 5,688+
rare/threatened/ endangered

106,354
People

Made observations and 27,642
people made identifications

3,001,825
Observations

From 754 cities in 61 countries
on 6 continents

Featured observations from around the world

1. Silver-haired Bat
Lasionycteris noctivagans
THUNDER BAY, ONTARIO,
CANADA
found by Ethan James

2. Cedar-apple Rust
*Gymnosporangium
juniperi-virginianae*
NORTHAMPTON COUNTY,
PENNSYLVANIA, USA
found by dpatzer

3. Water Violet
Hottonia palustris
ASKHAM BRYAN, YORK,
ENGLAND, GREAT BRITAIN
found by Sarah_Paul_York

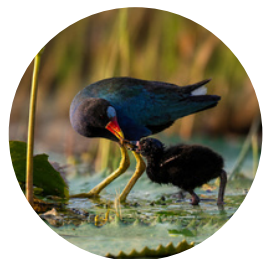

4. Compass Jelly
Chrysaora hysoscella
ISTANBUL, TÜRKIYE
found by Kuzey Sefa
Karabulut

5. Marsh Frog
Pelophylax ridibundus
ALMATY, KAZAKHSTAN
found by Gennadiy Dyakin

14. Long-tailed Weasel
Neogale frenata
POINT REYES,
